

**Amador Water Agency  
Approved Backflow Prevention Devices  
May 22, 2009**

Notes:

- 1) Read left to right page by page. The list is arranged alphabetically within each size first by Type then by Manufacturer.
- 2) The list includes devices that are no longer in production but still have parts available.
- 3) Contact the manufacturer for details regarding shut-off valve arrangements and acceptable shut-off valve replacements.
- 4) Type: DC = Double Check; DCDA = Double Check Detector Assembly; RP = Reduced Pressure Principle; RPDA = Reduced Pressure Principle Detector
- 5) Orientation: V = Vertical; H = Horizontal; D = Down; U = Up
